dont make me listen to this stupid brokwen record
again, the needle's skipping and repeating never
reaching the end. you know your bitchin and
complaining like you've got it so tough, were sick of
your crying will you ever shut up?
so keep bleeding your fake blood 'til no one even sees
it, if thats the best you can make up at least act like you
mean it.
give up the grudge shut your fucking mouth, why you
gotta judge everybody but yourself, take a long around
you there aint nobody home, i may be a loser but at
least im no alone.
your mercedes wont start yeah thats a crying shame, i
guess 90k a year buys nothing but complaints. the
poeple in the nieghborhood think that im a threat, while
there boss gets richer they get deeper in debt
give up the grudge shut your fucking mouth, why you
gotta judge everybody but yourself, take a long around
you there aint nobody home, i may be a loser but at
least im no alone.
give up the grudge shut your fucking mouth, why you
gotta judge everybody but yourself, take a long around
you there aint nobody home, i may be a loser but at
least im not a alone (slowly) then it repaeats and gets
faster)
