This might seem mean but I mean it
I'll back this up and won't back down
So what if I hurt your feelings
Why should I care?
You're all wrapped up in yourself

Your friends they don't want to see you
Everybody knows that you're fucked up
You left me here with your loose ends
Maybe you'll get tangled up in them and fall down

I wrote this song to make you cry
So say goodbye
I wrote this song to make you cry
So say goodbye

I just met Winona Ryder
I know that she is your idol
Just so you know she can't stand you
But she digs me
And she gave me her home number

I wrote this song to make you cry
So say goodbye
I wrote this song to make you cry
So say goodbye

Now I've burned up all
Of your pictures and
Any evidence
To remind me of
Anything we said
Anyway I can
I can't be left alone
With your presence haunting me

I wrote this song to make you cry
So say goodbye
I wrote this song to make you cry
So say goodbye
I hope this song will make you cry
A million times

I hope this song will make you cry
A billion times
