Visit "[Naked](#)" on MotoLyrics.com

It seems so hard to find a decent place outside
With no need to hide you can speak your mind
You can be honest and you don't have to pretend
You could brave the day and wear a naked face

But why do you loathe all your friends?
Making cracks at their expense
If you choose a reason why it would probably make you
cry
While you fight with the still small voice inside
You can read me like a book

I guess there's nothing to hide
There is nothing to hide
