Send me a picture
I need a picture
Of you to satisfy this urge

I need your distraction
Major protection
I need protection from myself

'Cause I can just hit me
Why don't you hit me?
And I like you but no one else

Won't you come over to my house?
Bet I would miss if you come out
I think I'm out again in again

You're contagious
With all your sickness
Frustrated and I'm sick with you

Call me crazy
Kamikaze
I got nothing to prove to myself

And I have a reason
For all this confusion
I had a dream we were making out

I wanna kiss you
I hope it won't piss you off
These words never leave my mind

I'm biting my tongue so I can't tell
Put in your fingers and pull it all out
My teeth, my tongue, my obsession

You're contagious
With all your sickness
Frustrated in this condition

Feel my knees knock
'Cause I'm addicted

You're contagious and I'm sick with you

Cut open, wide open
I'm so glad, my guts [Incomprehensible] scream out
loud

You're contagious
With all your sickness
Frustrated in this condition

Hear my knees knock
'Cause I'm addicted
You're contagious and I'm sick with you

Contagious and I'm sick with you
Contagious and I'm sick with you
Contagious and I'm sick with you
