Did you come to do some good?
Or did you come because you should?
Civilized? Don't think so.

How come you play so rough
When humanity's your job?
I see right through you.

Ready to crash and burn?
It's time that you learn
The essentials of what to do and not to do and how to.

Fighting for peace is not what it seems
Like fucking for virginity.
Fighting for peace is not what it seems
Like fucking for virginity.

You're acting like you're god.
Determined to wreck and bomb?
Civilized? Don't think so.

How come you play so rough
When compassion is your job?
The world sees right through you.

Ready to crash and burn?
It's time that you learn
The essentials of what to do and not to do and how to.
Fighting for peace is not what it seems
Like fucking for virginity.
Fighting for peace is not what it seems
Like fucking for virginity.

In your world of no remorse it goes:
Mine, mine, mine, mine! (mine)
It's eye for eyes and teeth for teeth.
It's piracy in the (21st century.)
Puppet master must be delighted
Because the masses don't seem to (fight it.)
I'd say it's none of your business
But to you it's all just business.

Fighting for peace is not what it seems
Like fucking for virginity.
Fighting for peace is not what it seems
Like fucking for virginity.

Fighting for peace is not what it seems
Like fucking for virginity.
Fighting for peace is not what it seems
Like fucking for virginity.
