So I'm a sleth and you're the one who try to label me.
But I take pride in myself despite all your jealousy.
I'm a nighthawk and a scarecrow.
I'm as wrathful as can be.
Way to greedy to be on your list of innocence.
Id rather loose than play by your rules.

All seven and we watch them fall.
(Watch them fall) I've done it all.
Your lies echoes down the drain.
All seven and we watch them fall.
(Watch them fall) I've done it all.
I'll regret the day I meet my maker.

So I'm a gluten and I envy all that comes around.
My lust is raising as I greed for your tremendous
crown.
I'm a nighthawk a scarecrow.
I'm as wrathful as can be.

Way to greedy to be on your list of innocence.
I'd rather loose than play by your rules.

All seven and we watch them fall.
(Watch them fall) I've done it all.
Your lies echoes down the drain.
All seven and we watch them fall.
(Watch them fall) I've done it all.
I'll regret the day I meet my maker.

One, two, three, four, five, six, seven. HATE!
One, two, three, four, five, six, seven. HATE!

I will watch them fall.
(Watch them fall) I've done it all.
Your lies echoes down the drain.
All seven and we watch them fall.
(Watch them fall) I've done it all.
I'll regret the day I meet my maker.
