You  
Go  
Retribution (Retribution)  
Handed down to you (Handed down to you)  
Generation (Generation)  
To generation (To generation)  
Guilty by (Guilty by)  
Association (Association)  
We are laid to rest (Laid to rest)  
No more of the lies (Of the lies)  
Justice shall be served in my (In my eyes)  
Eradicate the flow of society  
Joined hands together in, in unity  
Justice for all, as the saying goes  
If you don't have money, it just aint so  
Decades of aggression towards a common source  
The belief of freedom is murmured all at once  
No choice for you or me  
Free liberties are the promise yet to see  
All are created equal as the saying goes  
But if you look different its, not so  
So many colours, races and creeds  
But in the end, is liberty guaranteed?  
Freedom of choice is up to you  
Only if you follow through  
So many races, colours and creeds  
But in the end, is liberty guaranteed?  
Freedom of choice is up to you
