(Where do we come from? Where do we go from here?)
(Where are we now? We are right here)
(Where do we come from? Where do we go from here?)
(Where are we now? We are right here)
With every bit of my strength, left
I will fight for what's mine
Clever of you to avoid the truth
And hide your evil ways
No sympathy is what I yield
My anger knows no bounds
With every bit of my strength, left
I will fight for what's mine
No sympathy is what I yield
My anger knows no bounds
No can hold me
No can know my pain
If I am breathing
My life is still the same
I see what you hide (What you hide)
Gaze in to beyond (Into beyond)
And realize
What's mine is mine
What's mine is mine
With every bit of my strength, left
I will fight for what's mine
No can hold me
No can know my pain
If I am breathing
My life is still the same
I see what you hide (What you hide)
Gaze in to beyond (Into beyond)
And realize
What's mine is mine
What's mine is mine
