Scream as your arteries implode
Darkness
Consciousness is floating away
Lifeless
They clear out your body
Putrefy
Replace the vital organs
Skinrip - the scalpel slices through your flesh
Bonegrip - they reconstruct your body
Fleshdrip - transplantating organs
Mindslip - your brain ails away
Scream as your arteries implode
Darkness
Consciousness is floating away
Lifeless
They clear out your body
Putrefy
Replace the vital organs
Skinrip - the scalpel slices through your flesh
Bonegrip - they reconstruct your body
Fleshdrip - transplantating organs
Mindslip - your brain ails away
