Christ burned me with his eyes
But I'm still alive
Welcome to the lungs of hell
Frost or fire, whatever you desire

Collector of souls, captor of sin
I'm not alone, I suck every soul

Into the lungs of hell
Collector of souls, captor of sin
I'm not alone, I suck every soul

Into the lungs of hell
All you need is a graveyard of souls
And grievous sins untold

Into the lungs of hell
Collector of souls, captor of sin
I'm not alone, I suck every soul

Into the lungs of hell
All you need, a graveyard of souls
And grievous sins untold

Christ burned me with his eyes
But I'm still alive
Welcome to the lungs of hell
Frost or fire, whatever you desire

Collector of souls, captor of sin
I'm not alone, I suck every soul

Into the lungs of hell
Hear the sound of the demon bells
All you need is a graveyard of souls
And grievous sins untold

Into the lungs of hell
Hear the sound of the demon bells
All you need is a graveyard of souls
And grievous sins untold

Into the lungs of hell
Into the lungs of hell

Into the lungs of hell
Hear the sound of the demon bells
All you need is a graveyard of souls
And grievous sins untold

Into the lungs of hell
Hear the sound of the demon bells
All you need is a graveyard of souls
And grievous sins untold

Into the lungs of hell
Hear the sound of the demon bells
All you need is a graveyard of souls
And grievous sins untold
Into the lungs of hell
