Cut off at the knees  
Forced to suffer, beg, and plead  
God help me in this time of need  
Life is fragile, it's here and gone  
The ones we use to love have all moved on

Waking to a rising sun, a new day has begun  
Under this blue sky, we give it one more try

A few good men walk alone  
Back into the breach we go. A few good men walk alone

Taking giant steps along the way  
Turning my dreams into reality  
Looking forward, but I can't step aside  
Anonymous whipsers will not die

Waking to a rising sun, a new day has begun  
Under this blue sky, we give it one more try

A few good men walk alone  
Back into the breach we go. A few good men walk  
alone.

Never, never, never  
Go! Into the breach we go. A few good men walk alone  
Into the breach we go. A few good men walk alone
