Suicide on the horizon
I count these miseries to ten
Contempt is a lifestyle (Is a lifestyle)
Contempt is a lifestyle (Is a lifestyle)
These demons strike twice
Demons?these demons strike twice
Contempt is a lifestyle (Is a lifestyle)
Contempt is a lifestyle (Is a lifestyle)
Suicide on the horizon
I count these miseries

These times the tint of light turns to twilight
'Cause I won't understand better days
Better days
Better days
'Cause I won?t understand

'Cause I won?t bow down
Won't let this eat me alive
Crawl out of my hole
Exorcise the demons
Ugh!
'Cause I?

Better days (Better days)
Better days (Better days)

These times the tint of light turns to twilight
'Cause I won't understand better days
Better days
Better days
'Cause I won?t understand
