I lived all these years, lost in a hollow shell
Darkness clouds the corners of my mind
Will I (Will I)
Ever see the truth?
Will he (Will he)
Ever reveal himself?

Will I be gone forever?
Will I disappear?

Mirrors all around
Destroy me (Destroy me)
Reflections move
Through the darkness
Yet I stand still (That's right)
In fear and suffering
Fear is? Fear is the only end

Will I be gone forever?
Will I disappear?

Inside my own head
Inside my own head
Inside my own head
Inside my own head

I? Lived? I?

Will I be gone forever?
Will I disappear?
Be gone forever
Disappear

Fuck you liar
Liar!
