Empowered to enslave
Instructed to degrade the burden of victory (Burden of)
The bloodlust of a generation (Generation)
Blood on my hands

Mercy, Mercy for the weak
Judgement, judgement incomplete
My vanity shields me

Monitored to issue control (Monitored)
Widespread propaganda
Masked hidden agendas
Blood on my hands (On my hands)

Mercy, Mercy for the weak
Judgement, judgement incomplete
My vanity shields me
Mercy, Mercy for the weak
Judgement, judgement incomplete
My vanity shields me
My vanity shields me
Go!

Our eyes receive, but can't perceive their lies
This revulsion, my time

Mercy, Mercy for the weak
Judgement, judgement incomplete
My vanity shields me
Mercy, Mercy for the weak
Judgement, judgement incomplete
