What was this choice? What was the choice you made?
What was the decision made? How did you come to it?
How has it affected? And now what will you do? What's
in your brain? Answers given, words taken What
answers? Nothing is for certain What was given to you,
huh? But the one thing I know What do you know huh?
Tell me, what do you fucking know?

Torn apart but I'm still whole (You've broken me from
the inside out) The blame is mine, but not alone (I
couldn't hate myself enough)

I never wanted to compromise, redefine the path in my
life See the malice behind your eyes, know the truth or
desensitize I can't let go! Down the drain I wander Feel
my pain mother fucker.

Lay your sins on me? I'll give it away We all live again,
we all live again Now its time to move on. Set me free
We all live again, we all live again

My design will not be ignored. Refined...awakening
Witness the earth open up to you Awakening Why can't
we live?

Finally , I'm coming to (The last drop from the
hourglass) Time to move on, time to move on Move
on...move on

I always wanted to overcome, become a man and
never run I see the light of the rising sun, this is my life,
the only one Make it so! Down the drain I conquer Feel
my pain you mother fucker

Lay your sins on me? I'll give it away We all live again,
we all live again Now its time to move on. Set me free
We all live again, we all live again Set me free We all
live again, we all live again
