"Precious Lie"

The weight of the world upon me
What do I seek? (What do I seek?)
The horror of what has become (In to)
The touch of your hand

She was the precious lie (Lie)
I've always dreamed of (Dreamed of)
Took lust into love
She was the precious lie (Lie)
I've always dreamed of (Dreamed of)
Took lust into love

The power behind your eyes (The power behind your eyes)
Makes me believe (My faith in you)
My faith in you (Faith in you)
Can do no wrong
I would crash the gates of hell

She was the precious lie (Lie)
I've always dreamed of (Dreamed of)
Took lust into love
She was the precious lie (Lie)
I've always dreamed of (Dreamed of)
Took lust into love

Is this where I
Is this where I belong?
Is this where I belong?
Is this where I belong?
Belong
Belong
Belong
Belong
