Lashes bite deep into the skin
Deathwish prevents the screaming
Won't loose the count, no
Can't hide from this foe

Bloodhound - give it to me
Set me on fire
Bloodhound, where are you
Don't you ever get tired

No tears fall from these eyes
Too many burning bodies
Don't you want it too
To cut your victim in two

Haven't you seen enough blood
No, sing another song about it
Open another bottle to forget
On the edge of a smouldering pit
