(4:53)

I hate to

Break it to you

But this convenience ain't convenient anymore

Now i realize

I had different eyes

Back when i thought this was a good thing

Here i am my anger and m

Temper makes it hard to see

This situation i'm in again

Everything must come to an end now

There's some things that i want to do

And i don't want to lie to you

But it still makes me go and do the things i know

All wrong

I'll dig to

Learn about you

I'm sure i'll find you were as evil as me

We can call it even

You can let me leave then

You can leave me to my own thing
