The past few years
Have been so trying
Between the drugs and
The drinking and the touring
In my eyes I'm stabilized
And all I need is you
Someone who understands

I know you now
The shortest yet
And we just met
I thought that
You'd be different
Then again
You came on strange
But still the same
As what I know
I try and try and then
I'm alone again

Now my life's become a challenge
And all my confidence
Has been decreased profoundly

In my mind I've realized
I'm stuck on a worthless hill
With someone who understands

I know you now
The shortest yet
And we just met
I thought that
You'd be different
Then again
You came on strange
But still the same
As what I know
I try and try and then
I'm alone again

I know you now
The shortest yet

And we just met
I thought that
You'd be different
Then again
You came on strange
But still the same
As what I know
I try and try and then
I'm alone again
