I made reference to the subtle affair  
And then I got one  
What a simple machine  
The way you coax me into believing  
Then you took away the odds  
You led me down a road  
You know I'd go with you  
When I had nothing and no one  
You made me think that I could have you  
Someday  
That day would never come

No way, no way  
Why did I trust again  
Uh huh, believe me  
This is the last time  
No way, no way  
Why did I trust again  
No no, repeating  
This is the last time for me  
You must understand

You've gotta admit  
You set a trap for me, Princess  
Maybe I'm just a little paranoid  
I seem a little odd  
Now the days go by like a school year  
Just like I'm failing every class  
I realize I'll never pass here  
With you, you let me fall behind

No way, no way  
Why did I trust again  
Uh huh, believe me  
This is the last time  
No way, no way  
Why did I trust again  
Oh no, repeating  
This is the last time for me  
You must understand

No way, no way

Why did I trust again  
Uh huh, believe me  
This is the last time  
No way, no way  
Why did I trust again  
Oh no, repeating  
This is the last time for me  
You must understand  
You must understand, you must understand
