Sitting here thinking of what  
What everything means to me  
Do I want it all  
Can I take it all  
Sitting here thinking about you  
Do I need this jealousy  
What do you mean to me  
What do you really mean to me

I know what you're feeling  
Here I am again  
I'll regret what I have been to you  
And there's nothing I can do

Sitting here thinking about why  
I sometimes scare myself  
I'm so high above  
I rose so high above  
Sitting here thinking about how  
You want me on the ground  
You can't bring me down  
I'm never ever coming down

I know what you're feeling

Here I am again  
I'll regret what I have been to you  
And there's nothing I can do

Sitting here thinking about how  
How I'm giving in  
I should be giving up  
I should have given up  
Sitting here thinking about why  
I'm jumping in again  
More than a friend again  
More towards the end again

I know what you're feeling  
Here I am again  
I'll regret what I have been to you  
And there's nothing I can do

I know what you're feeling  
Here I am again  
I'll regret what I have been to you  
And there's nothing I can do
