Now that I'm out of the nut house and on my own
Having worn out my welcome in every home

I'm to blame
For all of the things that went wrong
I'm just a case away
From losing it all
I slip to fall

I live two minutes from where I bought medicine
Escape as the guy on my way to sober friends

I'm to blame
For all of the things that I've done
I'm just a case away
From losing it all
I slip to fall
Time creeps by when I'm in reality
Sometimes my feet start walking unconsciously
I've got some time but I've got my life to go
I wish the best for us all but I don't know

I'm to blame
For all of the things that went wrong
I'm just a case away
From losing it all
I slip to fall
I'm to blame
For all of the things that went wrong
I'm just a case away
From losing it all
I slip to fall
