I live under a sky of angels
Bulletproof vest of all my dangers
I've been deceived by your flowers
Planted around me, sweet smell
Replaced all the, all the vapors

Every day you think I live a lie
You think I wanna die
But can't you see I'm what I wanna be?

Every day you think I live a lie
You think I wanna die
But can't you see I'm what I wanna be?

I've been misunderstood
About my being around
I can't seem to stop letting people down
Oh, that's what they say

I still don't care about them
Or what they're thinking, what they're thinking
It's not fair for anyone
To believe them or me or the papers
Every day you think I live a lie
You think I wanna die
But can't you see I'm what I wanna be?
Every day you think I live a lie

Oh, Jesus, you know what I did?
What did you do?

Every day you think I live a lie
You think I wanna die
But can't you see I'm what I wanna be?

Every day you think I live a lie
You think I wanna die
But can't you see I'm what I wanna be?

Now I know what my destiny is
It's the ultimate rift in the little will I have
I'm not gonna last till the end

I'm still my only friend
Now I know what to do

Much to your dismay
I'm choosing a day
To find my new home
The answer to my biggest question
