[Intro]

HO! HO! HO! HO!

HO! HO! HO! HO!

[Verse 1 - Pharrell]

Every once in a while there is some asshole

Giving you shit, cause something in his life won't fold

Angely, I'd walk away

The "peace/piece" offering another day

He seems not to wanna trade

So he must pay (its the inevitable, it's going down!)

[Bridge - Pharrell]

He's talking! (fuck him up!) at me (fuck him up!)

Instead of! (fuck him up!) to me (fuck him up!)

My intellegence! (fuck him up!) sacked me (fuck him up!)

But he say's! (fuck him up!) he'll run through me (fuck him up!)

[Chorus - Pharrell]

(THRASHER!) I'm a (THRASHER!)

I'm a (THRASHER!) you ain't know (THRASHER!)

That I'm a (THRASHER!) I'm a (THRASHER!)

I'm a (THRASHER!) I'm a (THRASHER!) I'm a..

[Verse 2 - Pharrell]

Every once in a while there's that same asshole

Try to swing and hit, cause the things he can't control

And God knows what we'll unfurl

Either with or without his girl

Cause I browsed down, his fingers curled

Like it's his world (its the inevitable, it's going down!)

[Bridge]

[Chorus] (w/ minor variations)

[Verse 3 - Pharrell]

Now I know that slime ballers laying out and all

But he said things that were so uncalled for

But he deserved it (the boy deserved it)
And I know your his girl but you should ride wit me
Cause I'll show you feelings that you've never seen
Keep this rocking it's brown mixed with green (we'll be
swervin)

[Outro]
HO! HO! HO! HO!
HO! HO! HO! HO!
HO! HO! HO! HO!
HO! HO! HO! HO!

[Bridge - to fade]
