i met you before in a nightmare, but i wasn't scared
followed you down, let it die there under your stare

and i'll be ok watching it drown
let it just all but take me down
i'll be ok watching it drown
let it just all but take me down

i saw it again in the moonlight, under the sky
watched it begin in a friend's lie watched it die

and i'll be ok watching it drown
let it just all but take me down
i'll be ok watching it drown
let it just all but take me down

world's turning
bridges burning
i'll still be there

world's turning
bridges burning
i'll still be there

and i'll be ok watching it drown
let it just all but take me down
i'll be ok watching it drown
let it just all but take me down
