I found it's over
I'm a fallen soldier
Lost in all the madness
Trampled by the last kiss
Woke up with the first tear
Watching as the smoke cleared
Leave me where you found me
The world falling around me

Wave goodbye
Watch it die
I'll pretend I knew it
Honestly, I believed in and out
And through it

Stood until the last day
Waiting for the life change
If the fight is over
Forget just what I told you
Thought that we could pull through
But I already lost you
Leave me where you found me
The world falling around me

Wave goodbye
Watch it die
I'll pretend I knew it

Honestly, watching me in and out
And through it
You're the towel
Wash it out
Like there's nothing to it
Honestly, I believed in and out
And through it

Wave goodbye
Watch it die
I'll pretend I knew it
Honestly, I believed in and out
And through it
You're the towel

Wash it out
Like there's nothing to it
Honestly, I believed in and out
And through it

In and out and through it
In and out and through it
In and out and through it
In and out and through it
In and out and through it
