It's a Endless night
Another endless year
It's a endless fight get me out of here
Well I wish I changed
Then everything would work
But I'm just the same
And I'm just that sure

And everybody loves you
When you're how they want you
Everybody hates me
Cause I belong to no one

It's the last chance now
I've been here before
And yet somehow
What we did once more
As the lights go down
I can feel you here
And the words resound
Like they were never heard

And everybody loves you
When you're how they want you
Everybody hates me
Cause I belong to no one(x2)

Fade out
Break and mend
I'll scream again and again and again

Everybody loves you
When you're how they want you
Everybody hates me
I belong to no one(x2)
