I was so wrong
I thought that I could hold on
To things that were already gone
It was a lie all along

I was decieved
Totally lost, I believe
I payed the cost, should of seen
Everything you did to me

And I was wrong
And never thinking things will get right
I should of known
Everything we do because we fight
You're leading me on
And everything you told me was a lie
I was so wrong

Far away
How'd you convince me to stay
Fucked up, abused, and afraid
Believeing we were the same

And I was wrong

And never thinking things will get right
I should of known
Everything we do because we fight
You're leading me on
And everything you told me was a lie
I was so wrong

I'm a waste now
All those tears you fake now
Everything is dead now
So long now

And I was wrong
And never thinking things will get right
I should of known
Everything we do because we fight
You're leading me on

And everything you told me was a lie
I was so wrong (I was so wrong) x4
Yeah I was so wrong
