Don't cry now
Keep the pain down
Till it dies out
There'll be time for tears when this ends
But until then
Here we go again
Forget everything is broken now
Don't let it out

Don't waste your tears
Save it for the last time
This won't be the last time
That you have to go face your fears
Save it for the last time
This won't be the last time now

Pray now
There's a way out
It's just not now
You've been here before
And you'll be here again
Save your tears till then
When it all ends forget everything is broken now
Don't let it out

Don't waste your tears
Save it for the last time
This won't be the last time
That you have to go face your fears
Save it for the last time

This won't be the last time now

Stay frozen
It's not time to break open
Drain your eyes out now
Now!

Don't waste your tears
Save it for the last time
This won't be the last time
That you have to go face your fears

Save it for the last time
This won't be the last time now

That you go
(That you go)
That you go
(That you go)
That you go
(That you go)
You go
(That you go)
That you go
(That you go)
That you go
(That you go)
