Deep is the water under my bridge, flowing
And short is the lifetime that I've lived, knowing
Messing up and starting over again

Maybe all the breaks
And the young mistakes
Were supposed to carry me here

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
Lord knows I've let myself down
Too many times, many times, yeah

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
My life is passing me by
Gotta take a deep breath
And get it right

Looking for answers what have I missed, someone
I want to be so much better than this in the long run
Stepping forward and falling backwards again

When I get the breaks
Will the young mistakes
Be the ones to carry me on

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
Lord knows I've let myself down
Too many times, many times, yeah

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
My life is passing me by
Gotta take a deep breath
And get it right

I know I'll get there
Things will get better
Better with every day

And what lies behind me
Will not define me
I tell myself nothing
Can stop me now, stop me

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
My life is passing me by
Gotta take a deep breath

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
Lord knows I've let myself down
Too many times, many times, yeah

This time I gotta get it right
Gotta get it right now
Gotta get it right this time
My life is passing me by
Gotta take a deep breath
And get it right
And get it right
