You told me you wouldn't shave your head
And listen to trendy shit instead
You told me that you would wear spikes
And that you'd never buy a pair of nike's

You told me you would be my friend
And that you'd like to see a metal band
You told me you wouldn't wear a suit
Yes, for metal you were always in the mood

[chorus:]
For we are metal eternally
Bonded by blood we will be
Together we stand side by side
We wear our studs & spikes with pride

You stopped banging your metal head now
And you are dating a stupid fat cow
She made you cut off your hair
This is something i can't bear

So it's clear that i'll loose a friend
This is where our friendship ends
Now i have to fight alone
While you watch your tv at home

[chorus]

Can you walk our just like that?
Is friendship that easy to forget?
For me, this was always real
It's in my heart, it's what i feel

Get out of my sight and make it fast
Cause this friendship will not last
If that's the way you will betray
There is nothing more i have to say

[chorus]
