How does it feel when the day is over

How does it feel when the dark comes down

How does it feel when your room is a black sea

How does it feel when you're scared by the dark

How does it feel to feel

How does it feel to feel

How does it feel when a shadow moves you

How does it feel rushes by your bed

How does it feel when it finally holds you

How does it feel when you're thinking your dead

How does it feel to feel

How does it feel to feel

How does it feel when you wake in the morning

How does it feel feeling sun in the shade

How does it feel when you slide down a sunbeam

How does it feel bursting clouds on your way

How does it feel that the night is over

How does it feel I'll never see that again

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel

How does it feel to feel
