I'm hiding
'Cause even as I smile you know I'm lying
Although I laugh a lot I'm really crying
'Cause every time I try I feel I'm falling
This happens every now and then

I love what's happening to me
Doesn't it show
Oh I love what's happening to me
And everyone knows

It's raining
I close my eyes and to ten
I'm floating
The room is spinning 'round again
I love you
I feel the touch turn to a kiss
I'm waiting
Wish every day could be like this

I love what's happening to me
Doesn't it show
Oh I love what's happening to me
And everyone knows

I'm changing
I'm speeding up and slowing down
I'm praying
My God what's going on
I'm always hurting
I need someone to pull me through
I'm certain
I'll never let you down again

I love what's happening to me
Doesn't it show
Oh I love what's happening to me
And everyone knows

I love what's happening to me
Doesn't it show

Oh I love what's happening to me
And everyone knows

Then I think I really know for sure what it's all about
So I scream and shout
Then I think I really know for sure what it's all about
Let it all hang out
