Well it's goodbye Mr. Loverman  
We don't hear your songs no more  
You used to be a star  
And now you're mopping up the floor  
You used to float on cloud nine  
But now you walk the street  
Like everybody else  
You find it hard to make ends meet

So it's bye bye little lover boy  
And it's goodbye Mr. Loverman  
Yeah it's bye bye little lover boy  
And it's goodbye Mr. Loverman

Yeah it's so long Mister what's his name  
It's time for you to go  
You've become the fallen idol  
That no-one wants to know  
You shouldn't have messed with fortune man  
And never have fucked with fame  
All the girls that screamed and loved you  
They don't recall your name

So it's bye bye little lover boy  
And it's goodbye Mr. Loverman  
Yeah it's bye bye little lover boy  
And it's goodbye Mr. Loverman

So long  
Bye bye

And just like Nostradamus  
I predicted your demise  
You were out of luck and out of time  
I've seen it in your eyes  
Obscurity will suit you fine  
You've been there once before  
Those boys with suits and daisy roots  
Come knocking on your door

So it's bye bye little lover boy

And it's goodbye Mr. Loverman  
Yeah it's bye bye little lover boy  
And it's goodbye Mr. Loverman
