Well I haven't seen her
For such a long, long time
Thought I didn't need her
But she was always on my mind
Does she still think about me
When I'm not there?
I need to know from someone
Does she still care?
She's such a pretty girl
The truth can't be denied
It's such a busy world
Should be there by her side
Does she still think about me
When I'm not there?
I need to know from someone
Does she still care?
I wish I could see her
And God only knows I've tried
If you should see that girl
Tell her it's all right
Does she still think about me
When I'm not there?
I need to know from someone
Does she still care?
Well I haven't seen her
For such a long, long time
Thought I didn't need her
But she was always on my mind
She's such a pretty girl, such a pretty girl
