You say you love me and you want me for your bed

I know you need me but I just don't get no rest

I'm on fire now I'm out of control

Every day of the week I justify my love for you

It's so hard to keep on loving

It's so hard to keep on loving

It's so hard to keep on loving

It's so hard to keep on loving

My Sundays over then my Mondays pull me through

I see the love that comes from deep inside of you

I'm burning baby like a moth to a flame

Pushing on your button make me do it again

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving - it's so hard

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving

I'm on fire now I'm out of control

I'm on fire now I'm out of control

Let's go

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving - it's so hard

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving

Seven days of loving seven days insane

Three times on Tuesday in the sun and the rain

You've got my fire out you've burnt me right down

Can't make it Friday so I'll see you around

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving - it's so hard

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving - it's so hard

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving - it's so hard

It's so hard to keep on loving - seven days a week

It's so hard to keep on loving
