Well, I took some speed I thought it was what I'd need  
Yeah, I took some speed I thought it was what I'd need  
Well, step inside my shoes  
I got the walking talking Johnny Cash Blues

Yeah, I'm dressed in black there ain't no looking back  
Yeah, I'm dressed in black there ain't no looking back  
Well, come on and hear the news  
I got the walking talking Johnny Cash Blues, dig it

I phoned Marie Marie  
I said why don't you talk to me  
I got fifty thousand questions  
Can't you answer just one please?

She said all you need to know is darling I'll be true  
And if you call me in the morning maybe I will talk to  
you  
She said I know what's wrong with you  
You got the walking talking Johnny Cash Blues, kick it

Well, I took some speed I thought it was what I'd need  
Yeah, I took some speed I thought it was what I'd need  
Well, step inside my shoes  
I got the walking talking Johnny Cash Blues
