Sometimes life's not fair
I correct myself--I mean all the time
I feel like complaining, but it only bothers you
The things I do--they make your blood run cold

There's a lot of things that no one likes but,
I want the answers now
Must be all confused somehow
Did you say what I heard about?
I've heard a million things
Gossip's being sent to me
I don't wanna believe it
Until I hear it from your mouth

Tell me why are you friendly to my face
What I mean is barely nice
When I'm not around
Hear you like to put me down
Embarrassment is what I get

There's a lot of things that no one likes but,
I want the answers now
Must be all confused somehow,
Did you say what I heard about?
I've heard a million things
Gossip's being sent to me
I don't wanna believe it
Until I hear it from your mouth
