I question all your laws  
I question all your rules  
You fool, shall not bind me to your fake gods

You say we're equal...  
But I know you're lying

You live in self-denial,  
I can see through it all  
Godsend with hate, Lamb of God, I won't believe

You say we're equal...  
(If I become "like you")

Equal in the eyes of god  
When you're the judge  
Equal's just a word for your conceit

I question all your words  
I question gods and man  
The things has no longer a meaning to my fate

You say we're equal...  
But I know you're lying

Crumbled idols  
Mouldered books  
Broken friendships  
How does this evil prove the good with god?

You say we're equal...  
(If I become like you)

Equal in the eyes of god  
When you're the judge  
I pledge to blasphemy  
Are you the outmost will of god?  
(A wolf) in sheep's array?  
On our final day  
Are we equal in the eyes of death?
