The palace of the beast,
A noble place for man to find
Inside the circle and deep within
Call for south, east, north and west
The magick ways of bliss
Forgotten wisdom that must be found
Outmoded standards now falling from high
Out of the slumber here comes the beast

Now heading inwards
Into our heads where realms unfold
On the path of the mighty
Exalted high in this inner empire
A serpents world is mine
Entangled in the flesh of the
Beast that lives inside us
Enlightening the heart with a different light

A thousand thrones are waiting
The secrets of man
Concealed by former standards
When laws of gods where righteous
Where the essence of strength is timeless
Where mystery evolves
The thrones of strength are waiting
Without a king except for ourselves

Heading inwards to the palace of the beast

The palace of the beast
A noble place for man to find
Inside the circle and deep within
Call for south, east, north, and west
Satans world is mine
Lower gods now bend for me
Their twisted truth wiped out
And a higher level of knowledge unfolds

A nourishing darkness embraces the soul
Enlightening the heart what fallen prophets once
seduced

Not of their standards and not of their grace
Open wide the faith is in us
Not of their standards and not of their grace
With closed eyes our minds are aware
Not of their standards,
And not of their grace
Not of their standardsâ€¦a higher level of knowledge
unfolds
