A world profane to find
Without the mundane
The northern wind so clear to breath
Converge dimensions
A rebirth into the graceful lands
A silent place but it is still unknown
Somewhere near a portal to our dawn
On through the gates to the unknown world

Forbidden sights but highly adorned
Forgotten wish- waiting us to wake
Ride the winds of endless times, beyond
Ashes to dust, my mind is set free

To be at one in a tranquil dream
In nothingness it seems to be
I spread my wings high upon the sky
Filled with joy of the everdawn
Know this place behind the death of us
Exalted high in the spiritworld
Enticing flames in the northern breeze
Enthroned in bliss to forever be

Forbidden sights but highly adorned
Forgotten wish- waiting us to wake
Ride the winds of endless times, beyond
Ashes to dust, my mind is set free

Out of the body to be reborn
Leave your flesh and reside with netherworld
Die to forever be divine- die to forever be
So become that which exist

A world profane to find
Without the mundane
The northern wind so clear to breath
Converge dimensions
A rebirth into the graceful lands
A silent place but it is still unknown
Somewhere near a portal to our dawn
On through the gates to the unknown world

Forbidden sights but highly adorned
Forgotten wish- waiting us to wake
Ride the winds of endless times, beyond
Ashes to dust, my mind is set free
