A fool, I'm a fool
Fallin' in love like this
I shouldn't let myself
Run away with a dream like this
It started as a harmless game
But I was playin' with fire
And now so hopelessly
I can't stop my desire
(*) A fool, I'm a fool
Cause I'm in love with you
How could there be a chance
To make this love come through
A fool yes you are
I know that you are
I hope that you weren't
A fool like you are
Oh boy aren't you dumb
A fool that you are
A fool
I'm a fool
I gotta go through that pain
Of always wantin' you near
And wishin' you'd give me one look
That knows my heart and hears
* repeat
A fool, I'm a fool
Fallin' in love like this
I shouldn'a let myself
Run away with a dream like this
It started as a harmless game
But I was playin' with fire
And now so hopelessly
I can't stop my desire
A fool, I'm a fool
Fallin' in love like this
I shouldn'a let myself
Run away with a dream like this
