I don't believe you when you say
That you don't know what you are.
I try to understand why you.
Are never happy?
You live your life in fantasy,
And glass cathedrals.
Why don't you come down from your cloud
And face reality?

I want, I love, I need, I breathe,
I lust, I trust, I cheat, I bleed...

Behind the walls they built for you.

You live your orchestrated life
Inside your heart you know it's wrong.
But you can't stop it.
Your soul it longs for something more.
But never finds it.
And so you blame me for it all
And choose another.

I want, I love, I need, I breathe,
I lust, I trust, I cheat, I bleed...
