Me and my buddies  
We're going, on a trip  
We're a crazy lot  
But boy ain't we hip  
We got the power  
To beat anyone  
We got a dream  
To give to everyone Ah Ha Ah Ha  
Our super magic  
It will do the trick  
It'll be so easy yeah  
To change them quick  
We're in for danger  
At every corner  
But they don't know  
Our super power Ah Ha Ah Ha  
(\* ) We're heading out west to India  
There's a sacred treasure we can find  
We're heading out west to India  
We're heading out west to India  
And it's a long way there  
Me and my buddies  
We're going on a trip  
We're a crazy lot  
But boy ain't we hip  
We got the power  
To beat anyone  
We got a dream  
To give to everyone Ah Ha Ah Ha  
Our super magic  
It will do the trick  
It'll be so easy yeah  
To change them quick  
We're in for danger  
At every corner  
But they don't know  
Our super power Ah Ha Ah Ha
