[de Angelis/Koontz/Gander]

Every day I wish you were dead  
Spit fire in your darkroom  
He's screamin' and fightin' in those walls  
And no one hears your crying

Where is the love - where is the love I need  
Where is the love - break down the walls around me  
Where is the love touch me deeply as you can

Why you wanna tell me  
'til I'm dead and gone  
Why you wanna break me  
Why you wanna tell me  
'til I'm dead and gone  
Why you wanna break me

The book of memories won't close  
They are the stars in this sick world  
Now it's over the nightmare begins  
You lose the ground with the morning

Where is the love - where is the love I need  
Where is the love - break down the walls around me  
Where is the love - touch me deeply as you can

Why you wanna tell me  
'til I'm dead and gone  
Why you wanna break me  
Why you wanna tell me  
'til I'm dead and gone  
Why you wanna break me

She was the one for you  
But she played a game  
That split your heart in two  
In the name of your love  
In the name of your love  
In the name of your love  
In the name of your love

In the name of love you will die  
The nightmare starts to rise  
Your risin' fire wants to see how you're bleedin'  
Too much for body and soul

Where is the love.....
