In nomine patris
Et filii et spiritus sancti
There. There is no hiding place
There are no shadows to disguise your face
He'll make the sky fall
He'll make the waters freeze
And you'll walk alone in the land
Of the burning trees
There. There is no hiding place
There is no hiding place
But crime & punishment
Crime. Crime & punishment
You stand accused
Why do you feel no shame
You're charged with doing the devil's work
Using God's name
He may forget
And he may forgive
But he can see through the walls of the house
Where the guilty live
There. There is no hiding place
There is no hiding place
But crime & punishment
Crime. Crime & punishment
Things come. Things go.
Things change. Things grow.
Things come. Things go.
Things change. Things grow.
We thought the end would never come
But it's coming now
And we'd deal with the problems
But we don't know how
Please send us something to believe in
While there's still time
Will God's revenge be sweet
And will the punishment fit the crime
There is no hiding place
There is no hiding place
But crime & punishment
Crime. Crime & punishment
We're running out of time

So let the punishment fit the crime
In nomine patris
Et filii et spiritus sancti
