In nomine patris  
Et filii et spiritus sancti  
There. There is no hiding place  
There are no shadows to disguise your face  
He'll make the sky fall  
He'll make the waters freeze  
And you'll walk alone in the land  
Of the burning trees  
There. There is no hiding place  
There is no hiding place  
But crime & punishment  
Crime. Crime & punishment  
You stand accused  
Why do you feel no shame  
You're charged with doing the devil's work  
Using God's name  
He may forget  
And he may forgive  
But he can see through the walls of the house  
Where the guilty live  
There. There is no hiding place  
There is no hiding place  
But crime & punishment  
Crime. Crime & punishment

Things come. Things go.  
Things change. Things grow.  
Things come. Things go.  
Things change. Things grow.  
We thought the end would never come  
But it's coming now  
And we'd deal with the problems  
But we don't know how  
Please send us something to believe in  
While there's still time  
Will God's revenge be sweet  
And will the punishment fit the crime  
There is no hiding place  
There is no hiding place  
But crime & punishment  
Crime. Crime & punishment  
We're running out of time

So let the punishment fit the crime  
In nomine patris  
Et filii et spiritus sancti
