Light me, light me
Come on out here and ignite me
Light me, light me
You're as smooth as silk
Come on out here and ignite me

Tell me all about it
Light me, light me
Come on out here and ignite me
Light me, light me
Come on out here and ignite me
You're as smooth as silk
You know you're as smooth as silk, baby
You know you're as smooth as silk, baby

Please tell me, tell me about it
You're as smooth as silk
You're as smooth as silk to me
C'mon, baby
You're as smooth as silk
Just walk down and I'll
Tell me all about it

Light me, light me
Come on out here and ignite me
Light me, light me
Come on out here and ignite me
Light me, light me
Come on out here and ignite me

You know I love you
You know I love you, too
What do you want, baby
A little piece of you
That's all I got to give
That's all I need to live
Because I love you, I love you

You're so warm and tender
And I can't stop loving you
Because you came my heart was breaking
I had no one to give it to

I didn't think that love could last forever
If it's I'll switch now
Whatever happens I'll promise you
I'll be your dog if you'd be my bitch now

Light me, light me
Come on out here and ignite me
Light me, light me
Come on out here and ignite me
So if this is love
Lord above
I hope you'll understand
But if you want to kiss love honey
We're going to Disneyland

Light me, light me
Come on out here and ignite me
Light me, light me
Come on out here and ignite me
Light me, light me
Come on out here and ignite me
