I didn't know what I was waiting for
Until you came my way
And then you left me on that cold December day
You said there'd never be another man
But you never planned to stay
(Chorus)
The night you left me out in the cold
The night you left me out in the cold
And now you're gone I'm like a broken piano
That no one wants to play
Someone has taken all the music away
Where did the meaning of our love get lost in pointless
cabaret
(Chorus)
The night you left me out in the cold
The night you left me out in the cold
The night, the night, the night, the night, the night.....

The night you left me out in the cold
The night you left me out in the cold
So if I meet you in a bar one night
I'd be polite and stay
And we'd laugh about that cold December day
But if you ask me to speak my mind
I'm more inclined to say
(Chorus)
