All hands to the rescue. All hands on deck. Women and
children first. Women
And children first.
Cold feet in the bedroom. Cold moor in the bed. I've
seen the starship
Rollin' in. I wanna talk instead. About the way that you
treat me and the
Round in the wheel. How you made a reservation for
you're changing the way.
So how can I love you, when you make me feel, like a
hmm and a weasel at
The end of a day. End of conversation.
On this occasion. I have no reservation. It's saying,
she's the power
Behind the throne. She's the power behind the throne.
She's the power
Behind the throne. She's the power behind the throne.
She's the power...
Behind the throne.
All hands to the rescue. All hands on deck. I'm in need
if assistance. I'm
Going down with the wreck. I can't sleep with the
captain. Can't sleep with
The crew. I always mix with the windcraft. That I used to
do.

She should be home, yet she's out of the town. So I'm
stuck in the
Apartment, with the kids all day. And if I was an
animal they'd brought me
Down. And I just can't go on living this way. End of
conversation.
On this occasion. I have no reservation. It's saying,
she's the power
Behind the throne. She's the power behind the throne.
She's the power
Behind the throne. She's the power behind the throne.
She's the power...
Behind the throne.
She's the power behind the throne. She's the power
behind the throne. She's

The power behind the throne. She's the power... behind
the throne.

A very bosal woman. A real bosal woman. A bosal woman.
